

REQUIREMENTS FOR RIGHT-OF-WAY VARIANCE / WATER & SEWER SYSTEM VARIANCE STARTING NOVEMBER 1st

Please Provide:

1. Detailed letter from Excavator/Contractor doing the work explaining why a variance should be provided and the method of proposed construction. The letter should be addressed to Jim Weber, Director of Public Works.
2. Scalable 8.5 x 11" plan or map showing proximity of proposed work to existing pavement, right-of-way lines and drainage facilities. Plan must show location of utilities to which you will be connecting. A copy of the development plan or building permit is acceptable.

After receipt of these two items, the request for variance will be considered according to order received and the Public Works Director's work schedule. Thank you.
