

SPRING CLEANUP

From April 1st to April 30th, the City Street Department will be sweeping up scoria that residents have raked out onto the asphalt shoulders of the roads. All commercial contractors and property management companies who provide this service must remove the materials themselves for disposal.

Branches that have been trimmed off trees cut down must be hauled away by the resident or contractor.

Questions about this service should be directed to the Street Superintendent, Doug Marsh or Assistant Superintendent, Ron Berig at the Public Works Shop – 879-1807.
