

Walk & Roll Shares Wheely Fun Ways To Safely Get To School

Numerous Entities Come Together To Promote Safe Routes on October 8

STEAMBOAT SPRINGS, COLORADO-October 6, 2025- Grab your sneakers, hop on your bike, and join the fun—Walk & Roll to School Day is back on Wednesday, October 8, 2025. This annual event puts the spotlight on safe routes to school while reminding kids (and families) that walking and biking are not only healthy, but *wheely* fun.!

This annual event highlights safer routes for walking and cycling in our community, emphasizes the importance of physical activity among children, promotes safety and educates students on trail etiquette and the rules of the road.

Participating is easy! Students can look forward to pop-up stations along local trails and at Butcherknife, Soda Creek, and Steamboat Springs High School. Kids showing off safe habits may score fun giveaways, swag, and tasty treats to keep their feet stepping and wheels spinning.

Fun swag and giveaway items will be provided to students demonstrating safe walking/riding practices. In addition, tasty treats and goodies will ensure participants are fueled up for their journey.

Walk to School Day events raise awareness of the need to create safer routes for walking and bicycling and emphasize the importance of issues such as increasing physical activity among children, pedestrian safety, traffic congestion and concern for the environment. These events build connections between families, schools, and the broader community.

Walk & Roll to School Day began nearly 30 years ago and is now celebrated worldwide. Here in Steamboat Springs, it's powered by teamwork between Routt County Riders, Steamboat Springs Police Department, Parks & Recreation, City of Steamboat Springs, and the Steamboat Springs School District.

Walk & Roll is a partnership between Routt County Riders, Steamboat Springs Police Department, Parks & Recreation, City of Steamboat Springs, and Steamboat Springs School District. Learn more about the event at steamboatsprings.net/walkandroll.
